

# Q20 WORK DESK

---

## Q20 WORK DESK:

For HOLMRISVB8 it is important to design and produce high-quality desks and the Q20 work desk is no exception of this philosophy. Q20 is one of the most popular work desk collections designed and produced by Holmrisk B8.

The desks are all height adjustable, which provides its users with great flexibility during the day. Also, the tables are available in many different shapes and sizes, so it is easy to find the right size for any office.

- Desk tops in linoleum, laminate, NanoSoft laminate, veneer and the surface Resistant.
- Frame in black, white, alu or anthracite. Rectangular columns.
- Electric height adjustment from 61 - 126 cm.
- Manual height adjustment from 60 - 90 cm.
- Maximum weight load - 80 kg. Can be upgraded to 130 kg.
