

Self Love

Love makes the world go round, so it makes perfect sense to start with yourself!

It is the self-care and time that you give to yourself that yields true happiness and self-esteem. We believe that the ideal gift for the artist within you, is the gift that supports your love for yourself.

Spend valuable "Me Time" with our SELF LOVE set for that ultimate Bliss.

Be your own reason to smile.

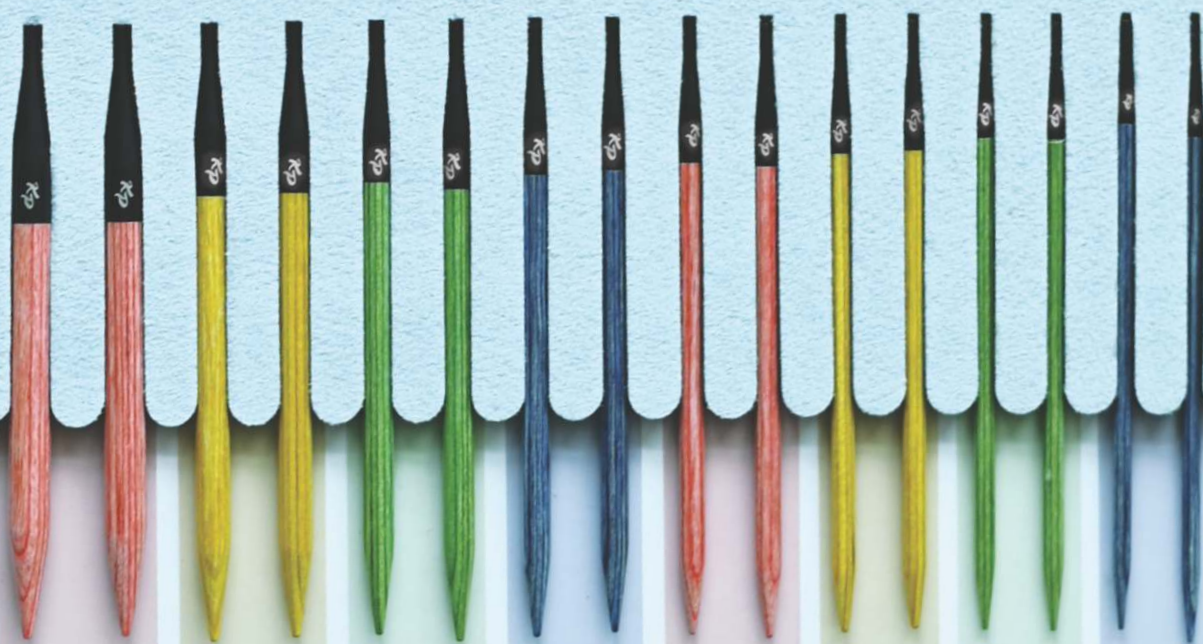

THE CONCEPT

This year's Gift Set is designed in a totally new concept of a Book wherein you will find heart melting stories in every chapter.

The first chapter is about the knitting needles which are essential to create different stories, stories of warmth, of love, of friendship, of gifting.....

Start creating your own story!

These knitting needles have been designed in lively pastel shades to add more cheer to your knitting.

The second chapter has all the supporting characters for completing your story. The cables, end caps, tightening keys and the cable connectors.

It also carries a crocheted book mark if you want to pause in between and resume again after sometime.

These supporting characters are enclosed in beautiful and soft suede pouches to give that plush feeling.

The third chapter is totally your space where you can write memories of your knitting projects.

Gift Set Contents:

Interchangeable Needle Sizes

3.5, 4.0, 4.5, 5.0, 5.5, 6.0, 7.0 & 8.0mm with matt black connectors. Needle sizes are laser printed on the metal connectors.

Accessories: 4 memory-free, stainless-steel cables in length of 60, 80 (2 nos.) & 100cm, 4 end caps; 4 ellen keys; one set of cable connectors

We plan to start the dispatches from first week of September

Hi-res images of the set can be downloaded from link: <https://we.tl/t-uXD2QPR1Zc>

Please let us know if you need additional information on the set.

We believe that this year, especially, the value and benefit of this unique gift set will be seen and appreciated.

Please accept our sincere wishes for your ongoing health and safety.

With heartiest season's greetings,

Your Team at KnitPro
