Our popular and modular lounge group will fit in and stand out no matter the setting. The combination of the durable aluminium frame and the certified teak sides creates a warm, soft-shaped, and very exclusive look. To achieve the same superior comfort as in a high-quality indoor sofa, the cushions are built with layers of memory foam. Due to an inner membrane and high-quality fabrics, the cushions are weather resistant and can be left outside even during summer showers. Available in warm grey or off-white.
