Tactile, Elegant & Comfortable

mindo 119

Designed by
Thomas E. Alken

The mindo 119 dining chair is the quintessence of what a garden chair should be. Modern with a distinct classic expression. Materials that are extremely weather resistant and easy to maintain, and fine design details, revealing themselves at close range: The gently curved teak seat and back slats for high comfort, and the teak armrests that elegantly integrate into the chair's aluminium frame. The mindo 119 is available in four mindo colours: dark grey, light grey, dark green, and off-white.
