TESTIMONIALS

As a construction manager specializing in high-end themes, I was immediately convinced by Cover Styl'.

For the Club Med Group, Cover Styl' is the perfect solution for the renovation of our holiday villages and a good substitute for various carpentry work on doors, design elements and furniture.

This technical solution has a twofold advantage: the implementation and speed have positive economic impacts and require less time than conventional renovations. The decorative possibilities, structures and different colors offer designers a greater choice than conventional products.

After a first, very satisfying experience, Cover Styl' is now a part of our product references.

Frédéric DAVI - Deputy Director of constructions zone Europe Africa

During the partial renovation of our Novotel, in Roissy, France, we decided to use Cover Styl' to redo our Bar Lounge and Spa.

I must to say that I've been pleasantly surprised by the reactivity and the advices provided by the Cover Styl' team. The solution/product itself is amazing by the quality of the result. The big potentiel of this covering product is astounding, especially since the installation support were not simple flat surfaces.

Beyond the very nice finishes submit by Cover Styl', the architect select some specifics RAL, that has been customized for this refurbishment. This advantage saved us a lot of time and this is a true asset for Cover Styl'.

That's why I strongly recommend using Cover Styl' for the Hotels, especially with its incontestable price/performance ratio.

I'm convinced that the word of mouth will make Cover Styl' the best refurbishment solution in the future.

Dominique GRANDJONC - General Manager Novotel Roissy CDG

For the renovation job of the 144 Champs Elysées, the utilization of an adhesive solution naturally came up, to get an astonishing result in short time.

During 15 days, painting companies, shopfitters and Cover Styl' coordinated their efforts to transform the interior design with the new BRIOCHE DOREE concept. Moldings, frames, partitions have been fully recovered with this magical film, that gives a genuine feeling of a real wood effect.

Not only is the result fantastic and magical, but the team effort & the different companies during those jobs made this happen between 10PM and 6AM without disturbing the business, and so without ANY turnover loss. So a perfect answer to the brand expectations.

The process is truly a step forward in order to realize at a lower cost & in very short timeframe transformation of the ambience of a business and restaurant.

Thank you all for this job!

Hubert MOURCELY - Construction Manager
