

The image shows a Swim & Fun ClearWater Pro 1002 Samling pump and filter unit. It consists of a large, grey, cylindrical filter housing with a white top lid. A black flexible hose is connected to the top of the housing. The pump motor is mounted on a black base at the bottom right of the unit. The text 'ClearWater Pro 1002 Samling' is overlaid on a blue semi-transparent background in the center of the image.
