

A detailed view of the ClearWater Pro 1044 Samling pump unit. The unit consists of a grey plastic housing with a white top section and a blue motor assembly. A black flexible hose is connected to the side. The unit is mounted on a black base. A semi-transparent blue banner is overlaid on the front of the unit, containing the product name in white text.

## ClearWater Pro 1044 Samling

A close-up photograph of a person's hand interacting with a grey plastic component of a machine. The hand is pulling a small, cylindrical cap or valve handle. The machine's body is light grey and has the word "swim" partially visible in the background.

Check to see if the bottom valve is closed.
